<b>Executive Summary</b>
<p>The paper includes the approved minutes of the Strategic Commissioning Board (SCB) meeting held on the 7<sup>th</sup> June 2021 for information.</p> <p>The paper also summarises the decisions taken at the SCB meeting on the 6<sup>th</sup> September 2021 which need to be ratified by the Governing Body in light of the meeting not being quorate.</p> <p>It was agreed by the Co-Chairs of the SCB that the meeting would still proceed outside of the CCG Standing Orders in line with Section 3.9 of the CCG Constitution given the lateness of quoracy becoming apparent on the day of the meeting. It was noted that rescheduling the meeting/seeking an alternative governance route/s at this late stage would have been problematic and could have further delayed the decision-making process given the tight timescales associated with some of the reports/decisions required.</p>

SCB	07/09/2021	Decisions taken in 'good faith'

## **1.0 Introduction**

- 1.1 The Strategic Commissioning Board (SCB) has been established as a Joint Committee, under the NHS Bodies and Local Authorities Partnership Arrangements Regulations 2000 (as amended) to support the delivery of health and care integration in Bury.
- 1.2 The SCB is responsible for setting the principles and high-level strategic direction across the full responsibilities of health and care commissioning that are the responsibility of the two partners and aligns wider Council, CCG and public services by inclusion so far as possible.

## **2.0 SCB Membership and Quoracy**

2.1 The SCB consists of the following members:

- Councillors – Cabinet Members of the Council to include no more than 8 voting Cabinet Members;
- CCG Governing Body Members – no more than 8 voting, of which the majority will be clinicians;
- The joint Chief Executive and Accountable Officer;
- The joint Chief Finance Officer (including S151 responsibilities); and
- The joint Executive Director of Strategic Commissioning.

2.2 In order to achieve quoracy, the following requirements must be satisfied:

- A minimum of 4 elected members, of which 1 must be the Leader or Deputy Leader of the Council;
- A minimum of 4 Governing Body representatives, of which 2 must be practicing clinicians; and
- At least one joint Officer.

## **3.0 Minutes of SCB Meeting held on the 7<sup>th</sup> June 2021**

3.1 The approved minutes of the SCB Meeting held on the 7<sup>th</sup> June 2021 are enclosed for information.

## **4.0 Decisions taken at the SCB meeting on the 6<sup>th</sup> September 2021**

4.1 The decisions taken at the SCB meeting on the 6<sup>th</sup> September 2021 are summarised below which need to be ratified by the Governing Body in light of the SCB meeting not being quorate. Copies of the full meeting papers can be found on the CCG website at <https://www.buryccg.nhs.uk/meeting-papers/strategic-commissioning-board-papers-6-september-2021/>

### **4.2 Integrated Care System**

*The Joint Executive Director of Strategic Commissioning, Bury Council & NHS Bury CCG presented three reports which set out the GM ICS arrangements and work underway, local partnership arrangements being developed, and the neighbourhood target operating model. The Board discussed the reports, including the position statement regarding GM financial flows, and noted that updates on this would be reported to future meetings when more detail*

was finalised. With regards to the neighbourhood model, it was noted that the lack of clarity around definitions had led to some confusion but the focus was on engaging with patients in a different way with Community Hubs as a focus. It was agreed that describing patient journeys was a way to help residents visualise themselves using the service and make the changes meaningful to service users.

**The Strategic Commissioning Board:**

- Noted the contents of the reports, and endorsed the documentation as indicated.

4.3 Proposal to manage funding requests to NHS Bury CCG for spot purchases of services

*The Clinical Director, NHS Bury CCG presented a report which outlined the current position within NHS Bury CCG for the management of requests for funding for services that were not currently commissioned and sought approval for Proposed Process to be set up in Bury to manage funding requests that fell outside the remit of the GM EUR team who were currently handling them on a goodwill basis.*

*In response to questions, it was noted that the proposed solution was a two-step change with the initial change to commence as soon as is practicable and to continue until the end of March 2022, and the second step to be decided once the GM model for management of Individual Funding Requests is agreed.*

**The Strategic Commissioning Board:**

- Acknowledged the current issues within the system relating to work undertaken on a good will basis by the Greater Manchester Effective Use of Resources (GM EUR) Team.
- Approved the Proposed Process (Appendix 1) to be set up in Bury to manage funding requests that fall outside the remit of the GM EUR team.
- Requested that the Executive Director of Strategic Commissioning identify a resource to act as the Single Point of Contact (SPOC) and establish a timeline for the pathway to commence.
- Agreed the next steps for the identified SPOC to work closely with Work stream Leads and Clinical Leads to establish principles for approving individual requests, based on NICE guidance, the current pathways of care in GM, best use of resources and the CCG agreed criteria for exceptionality.

4.4 Review of Armed Forces Covenant

*The Cabinet Member for Communities and Director of People & Inclusion, Bury Council presented a report regarding the preparations for Bury to continue to support those that are serving/have served in the Armed Forces and their families, by way of a refreshed Armed Forces Covenant and associated Action Plan.*

*The Board discussed the report, noting that the Council could identify some individuals from questions asked as an employer and broader statistical data could be picked up from the census, but work was ongoing regarding sharing that information on a service-based approach. Members discussed the differences of the new Steering Group from the previous one and noted that regular updates from the Group could be provided to the SCB.*

**The Strategic Commissioning Board:**

- Approved the proposed Armed Forces Covenant, to complement the Greater Manchester Armed Forces Covenant.
- Agreed that Bury Council and NHS Bury Clinical Commissioning Group (NHS Bury CCG) refresh and re-sign the Armed Forces Covenant.
- Agreed that delivery of the Armed Forces Covenant will be monitored by a working group comprising officer champions across the Council and NHS Bury CCG, reporting to the Armed Forces Covenant Steering Group, with an annual report on progress being submitted to the Strategic Commissioning Board.

#### 4.5 Care at Home Contract Award

*The Joint Executive Director of Strategic Commissioning, Bury Council & NHS Bury CCG presented a report regarding the tender for the Bury Care at Home service, which was the result of a review of the service in advance of its initial 3-year contract end to ensure the contract was both effective and high performing for its final year and beyond.*

**The Strategic Commissioning Board:**

- Approved the request to award the contract to those providers successful in the tender for the Bury Care at Home service for both Lots 1 and 2.
- Approved an extension of up to 2 months to the current care at home contract to allow sufficient time for a smooth and successful transition from the current service to the new.

#### 4.6 Designated Beds – Shared Provision

*The Joint Executive Director of Strategic Commissioning, Bury Council & NHS Bury CCG presented a report regarding the updated arrangement to maintain sufficient designated Covid beds in the Bury system. Members discussed the report, noting that although agency staff was used for the 'hot' site resulting in higher staffing costs, uniting with Rochdale mitigated this significantly.*

**The Strategic Commissioning Board:**

- Approved retrospectively the commissioning of designated units for Covid positive patients at Millfield House in line with the request from the DHSC, with awareness of the financial risk resulting from the misaligned national funding guidance.
- Agreed to continue to support the responsive rapid commissioning of additional capacity in forthcoming months should it be required. This will take the form of additional designated care home beds and home care, accepting a paper will be presented for retrospective approval and members of Bury Council and NHS Bury CCG briefed beforehand.

#### 4.7 Mental Health

*The Joint Executive Director of Strategic Commissioning, Bury Council & NHS Bury CCG presented a report relating to the service pressures and impact of Covid on Emotional Health and Wellbeing and Mental Health and introduced how mental health pathways for adults and children/young people will be redesigned moving forward from Covid. The Board also heard from the Commissioning Programme Manager, NHS Bury CCG regarding the care system for young people and the need for greater capacity and guidance to build a better model of support.*

*Members discussed the report, noting the oversubscribed counselling services in schools and lifelong benefits mental health services could have for young people. It was agreed that mental health would be an issue for the ICS to address early on, and it was noted that although there were non-recurring monies to fund this for this year there were implications to be worked through regarding medium term finances.*

**The Strategic Commissioning Board:**

- Approved part 1 of the 'Enhanced Staffing options proposal' which will allow the recruitment of 6 Mental Health Practitioner posts (NHS Band 6).
- Approved part 2 of the 'Enhanced Staffing options proposal' - further requirement of an additional 9 staff (NHS Band 6) to make the service safe. Recruitment is likely to take place in Quarter 4 2021/22 for an intention to employ 2 Mental Health Practitioners.
- Recognised the expansion of the service with the redesign of the CMHT service and development of the Community Mental Transformation.
- Approved the actions and investment set out within this report for Children's and Young Peoples Mental Health investment.
- Acknowledged the complexity and timeliness of the task at hand and endorsed the use of any additional slippage in recruitments to be redirected to shore up the children's system within the ascribed financial costs.

**4.7 GM Contracting Principles and Extension of Bury Contracts**

*The Executive Director of Finance, Bury Council & NHS Bury CCG presented the report regarding the 56 contracts that were due to end before March 2024 and identifying the commissioning intention for each to provide stability and enabling planned service redesign to continue whilst ensuring that no nonrecurrent funding commitment extends beyond the period that funding is available.*

**The Strategic Commissioning Board:**

- Approved the Commissioning Intentions in line with the Greater Manchester Contracting Principles.

Testing on site in schools and colleges was expected in the coming weeks and additional vaccines had been successfully distributed in pop-up centres, although more was required to close the gaps in neighbourhoods with low take-up.</li> <li>• The first half of the year had been modelled, with work regarding the backlog of cases for elective care and increased demand into primary care, rollout of improvements to mental health services, pressure on the acute sector, and work to manage the budget deficit.</li> <li>• Members noted that the government had not been forthcoming with enhanced support, despite requests. Although Bury continued to manage the crisis with existing resources, it was agreed that it would be worthwhile to see the revenue cost if no additional support was given.</li> </ul>

	<p>Covid, which exposed inequalities in not only the virus but the ability to respond with services.</p> <ul style="list-style-type: none"> <li>Members discussed the importance of people engagement and the need to ensure these systemwide changes were made relevant to and understood by local people. This wouldn't be limited to engagement with the hubs, as proactive engagement with residents and people with lived experience was needed; not just codesign but working with people across the system, empowering them to go out to their communities and speak with people, to reach those who didn't normally engage.</li> <li>The structure of the new Boards and their Terms of Reference were being developed but wouldn't be established until the governance and decision making implications had been fully realised. <b>11.1 Integrated Commissioning Fund (ICF)</b>			
11.1.1	The Executive Director of Finance, Bury Council & NHS Bury CCG presented the report which provided an update on the ICF budget. For 2021/22 the net ICF expenditure budget was £520m, a consolidation of the 3 budgets (Pooled, Aligned and In-view). For ease and to enable consistent reporting across the integrated organisation, the CCG had assumed the same level of funding and expenditure for the second half of the year as the first. While the financial framework for the second half of the year was unknown, significant efficiencies were expected.		
11.1.2	The Board noted that within the ICF were challenging savings targets. For expenditure incurred through the CCG, planning identified a full year savings target of £4.2m of which £0.9m had been identified in the CHC directorate, with schemes for the remaining £3.3m still to be worked up. For expenditure incurred through the Council, proposals on efficiency savings of £4m and service reductions of £4m on top of a £12m planned use of reserves was required to balance the budget.		
11.1.3	Members discussed the report, noting that Bury was benefitting from the GM system's peer challenge approach, and that efficiencies were being driven forward while the capacity was there. Outcomes of the programme were monitored as well as the financial aspects and would be brought to the Board in August.

<b>11.2 Bury CCG Transformation Funding</b>			
11.2.1	The Executive Director of Finance, Bury Council & NHS Bury CCG presented the report which provided a position statement on the £19.5m non-recurrent transformation funding received in 2016, including the use from 2016 to March 2021 and those schemes still in operation, how they are currently being funded and the need to find a		

	funding solution for them. It was noted that a follow-up paper would be brought to the Board in August.		
ID	Type	The Strategic Commissioning Board:	Owner
D/06/14	Decision	Noted the content of this report and the financial risks to the Bury system.	
D/06/15	Decision	Noted the Council is holding a reserve of £0.75m from 2020/21.	
D/06/16	Decision	Noted the CCG £4.5m additional allocation to the Pooled Fund in March 2021 includes £2.5m of transformation funds.	
D/06/17	Decision	Noted GM is holding £1.2m for 2021/22, due to be paid if Covid funding stopped at the end of quarter 1. Given half year (H2) allocations the position needs to be clarified, as this funding could potentially go some way to bridging the gap in H2.	
D/06/18	Decision	Noted the need for regular updates to ensure ongoing accuracy and completeness of the information provided and to evidence the success of the transformation programme and related schemes.	
D/06/19	Decision	Noted the need for a recurrent funding solution/agreement during 2021/22 for the underlying deficit full year effect costs of £5.7m (Programme 3, 6 and LCO costs).	
D/06/20	Decision	Considered the need for an assessment of the realisable benefits for those schemes that have ceased in March 2021.	
A/06/03	Action	Noted that a follow-up paper would be brought to the Board in August.	S Evans

12.	Performance Update		
12.1	The Joint Executive Director of Strategic Commissioning, Bury Council & NHS Bury CCG presented the report which set out the current position against a number of the main CCG Performance Indicators along with an overview of the impact to these during the current response to the COVID-19 pandemic.		
12.2	Members discussed the report, noting that penalties had been suspended for the year but incentives were still offered. With regards to areas of concern, it was noted that despite a robust plan for elective care, the scale of the task was still challenging. Mental health was another area of concern, with the effect from the pandemic yet to be fully realised. It was noted that services had been put in place for lower levels of intervention but more was needed for complex cases. It was agreed that this be brought to a future Board meeting for discussion.		
ID	Type	The Strategic Commissioning Board:	Owner
D/06/21	Decision	Received the update and noted the areas of challenge	

		and action being taken.	
A/06/04	Action	Agreed that complex mental health needs be discussed at a future Board meeting.	W Blandamer
