# **Safeguarding Dashboard Quarter 1 2022-2023**

**Author**

**Vanessa Woodall**

**Designated Nurse for Child Protection**

*Healthy lives strong communities*

## Serious Case Reviews/Serious Adult Reviews and Domestic Homicide Reviews

During Q1 2022/23 the team will have continued to review a backlog of cases. There are currently **2** DHRs in progress, **1** remains currently stalled due to criminal proceedings and **1** is ongoing. A third case relates to the death of an Oldham resident where those involved have received primary care services in Bury; the safeguarding team are therefore also contributing to this review. The number of reviews, coupled vacancies within the BISP continues to place significant strain on all partners.

DHR	SAR	LCSPR	Rapid review (children)	Currently in screening
2 (3)	5	5 (1 Rochdale case)	2 (1 Bolton case)	1 Rapid Review Pending

The action plans for all reviews belong to the BISP (Bury Integrated Safeguarding Partnership) and are reviewed bi-monthly by the Case Review Group and the Business Groups of the BISP.

All published reviews can be accessed via: <https://burysafeguardingpartnership.bury.gov.uk/>

## **Complex Safeguarding Multi-Agency Arrangements**

A peer audit of the CST was completed in January 22 and the initial feedback around the new nursing role was very positive. The audit demonstrated clear evidence of the specialist nurse building positive relationships with colleagues and taking every opportunity to advocate for the young people in her care.

The audit identified learning for partner agencies, leading to a review of the team and its structure.

The Complex Safeguarding Subgroup has recently revised Terms of Reference and the group has been re-established with a clear agenda. Another group has been set up to look at Sexually Exploited And Missing from Home (SEAM) to support the vulnerable children and young people in Bury.

## **MAPPA (Multi Agency Public Protection Arrangements)**

Is the process through which various agencies such as the Police and Probation work together to protect the public by managing the risks posed by violent and sexual offenders living in the community. Bury CCG have a duty to cooperate with these arrangements and as such attendance is mandatory and recorded and reported annually to MAPPA SMB and Safeguarding Board for GM. There are 3 categories of MAPPA offender and 3 levels of risk management with Cat/Level 3 being the most violent/dangerous offenders where active senior oversight is required. Bury CCG have attendance at all Level 2 and 3 MAPPA meetings. Although the numbers of offenders managed in Bury is small the risk is high.

**During Q1 the team have achieved 100% attendance and been involved in:  
MAPPA Level 3 x 1 and MAPPA Level 2 x1**

## Assurance activity

### NHS Bury CCG

The CCG has in place a safeguarding policy, assurance framework and a training strategy and they are available on the CCG website alongside a Safeguarding Information pack for member practices.

The training figures at the end of May 2022 of CCG staff who had completed online Level 1 Safeguarding training were

**91.74% (87.63%)** for children's safeguarding and

**92.66% (89.69)** for adult safeguarding

The bracketed figures show the previous quarter's compliance, demonstrating a continued upward trajectory.

Require compliance is 80%

### General Practice

Bury CCG Safeguarding Team have continued to deliver training to Primary Care via Microsoft Teams.

The GP Safeguarding Assurance process will commence again soon, with the safeguarding team meeting with all practices across Bury to review progress against the GM Safeguarding standards.

## Assurance activity

### **NCA (Pennine Acute Hospital Trust)**

NHS Bury CCG leads the safeguarding assurance process on behalf of Oldham, Heywood, Middleton and Rochdale CCG's. The GM Safeguarding standards are within all contracts and are reviewed annually by the Designated Nurses for Safeguarding across GM, and locally, by the Quality and Performance committee. The CCG safeguarding team meet at least quarterly with PAT to review the standards and any action plan that is required.

The updated 2021/22 standards were reviewed in January with progress noted on some standards although there remains 2 standards on Red and 7 on Amber (2 amber converted to green in January 2022). The standards are now on each Care Organisation Safeguarding Meeting agenda and those on red are on the Care Organisations Risk Registers in order to give focus and aid progression. The action plans developed around these standards will transfer to 2022/23 monitoring and the new standards audit tool will be completed by the end of June 2022

The Designated Doctor for Child Protection retired in October 21. Despite repeated attempts by the CCG to find resolution re this vacancy, this statutory post remains unfilled.

## Assurance activity

### Cygnnet

The joint LA and CCG safeguarding review panel for Cygnnet Hospital continues to meet with representatives from Cygnnet Hospital. The new safeguarding lead at Cygnnet has commenced safeguarding training and supports the team during the regular meetings. The safeguarding lead is currently reviewing processes to support staff to identify quality concerns versus safeguarding concerns so that appropriate safeguarding referrals are forwarded to the Local Authority.

### Nursing Homes

**Nazareth House Nazareth House** care home is continuing to strive for improvement following a CQC rating of **inadequate**. The offer of support from Local Authority and CG is continuing Meetings are continuing between the regional management at Nazareth care and the LA and CCG strategic lead and safeguarding representatives.

**Burswood Care Home**– The CCG safeguarding team continue to offer support following the inadequate rating.

## Assurance activity

3 Nursing homes in the borough have improved to GOOD or have maintained their GOOD rating:

**Regency Care Home**

**Oak Lodge Care Home**

**Cameron House Care Home**

**Gorsey Clough Nursing Home** has recently been awarded **OUTSTANDING** – the first home to achieve this status in Bury.

The CCG Safeguarding Team, alongside colleagues in the local authority are regularly involved in supporting these homes to achieve these positive outcomes.

## System Concerns

- Access to Tier 4 beds for children in Mental Health crisis has been problematic, resulting in distressed children waiting significant periods of time for appropriate care. There has also been an increase in Looked After Children who do not meet threshold for Tier 4 intervention but whose placements have broken down, resulting in inappropriate hospital stays on paediatric, adult admission and ED wards. On-going work across GM is considering longer term solutions to this growing problem. Several reviews across Greater Manchester are considering the same issue and a request will be made of the national review team to consider this issue at a national level

## Bury Integrated Safeguarding Partnership (BISP)

The BISP is currently under-going an externally facilitated review. The initial findings from the review advocate the need for full transformation of the way the BISP functions.

Policy and procedure will be reviewed as part of the action plan going forward.

Recruitment is on-going to vacant posts within the business unit of the BISP.

The BISP review runs alongside the current improvement plan for Children's Services.

Both have demanded additional commitment from the CCG Safeguarding team.

## Assurance Activity

### LOOKED AFTER CHILDREN (LAC)

Bury CCG continue to lead on the review and evaluation of dental access for Looked after Children and Care Leavers across Greater Manchester (GM). An agreed referral process has been implemented with Local Authorities across GM to facilitate access to dental treatment when usual routes have been unsuccessful.

COVID impacted significantly on Dental access for LAC.

Here are the year-end figures going back to 2017-2018:

- 2017-2018: 91.2% (227 out of 249)
- 2018-2019: 94.9% (224 out of 236)
- 2019-2020: 96.2% (254 out of 264)
- 2020-2021: 24.2% (63 out of 260)
- Provisional figure for 2021-2022 produced 31/03/2022: 51.3% (135 out of 263)

Bury LAC access to dental care appears to have been disproportionately impacted when compared with GM and national data around compliance:

- Bury: 24%
- Statistical Neighbours: 35%
- England: 40%

## Assurance activity

### Prevent

The new Prevent Training and Competency Framework is now in operation. Within the locality there has been a low uptake for WRAP training offered by the Local Authority.

The Counter Terrorism Police Team have been working with BISP to decide how further Prevent training sessions can be delivered. A Bury Prevent handbook for education and a Bury Prevent handbook for communities is in draft. It is hoped they will be finalised & circulated in early 2022. They are not intended to replace training but to be used alongside it. All education establishments will be encouraged to give the handbook to new members of staff.

Bury CCG includes Basic Prevent Awareness Training (BPAT) in all safeguarding training packages for staff.

The safeguarding team include BPAT when delivering safeguarding L3 training to Primary Care.

Compliance with Prevent Training requirements is considered at all Safeguarding Assurance meetings with our provider colleagues.
