Decommissioning of Medical Service Provision at Bealey Community Hospital

1. Introduction

- 1.1 Bury Local Care Organisation has recently concluded a review, followed by a public consultation of Intermediate Care (IMC) services in Bury. The outcomes of this, together with the recommendations were discussed at the Strategic Commissioning Board, a public meeting, on 4 January 2021.
- 1.2 As a result of the review, and the consultation, a decision was taken to restructure the IMC bed stock across Bury. One of the major implications of this required the closure of Bealey Community Hospital.
- 1.3 The following paper has therefore been written to advise Primary Care Commissioning Committee of the decommissioning of Medical Service Provision at Bealey Community Hospital by the GP Federation.

2 Background

- 2.1 It is acknowledged that this change has already been enacted as part of the emergency measures required to accommodate COVID vaccinations at the Bealey site however, providers are now advised that there is no intention to re-open Bealey Community Hospital post pandemic.

3 Notification of Service Decommissioning

- 3.1 As Medical Service Provision falls within the Bury GP Federation Bealey Provision / Extended Working Hours Contract held with Bury GP Federation we are required to formally serve notice on this part of the Contract.
- 3.2 Formal correspondence has been sent to Bury GP Federation regarding the decommissioning of this element of the contract, stating the contractual 3-month notice period effective from 1st April 2021 to close of play on 30th June 2021.
- 3.3 An associated contract variation will also be issued to ensure the GP Federation continue to provide the Extended Working hours service across Bury following the decommissioning of the Bealey element of this contract.

4 Recommendations

- 4.1 The Primary Care Committee are asked to:
 - Receive notification to decommission the Medical Service Provision at Bealey Community Hospital provided by Bury GP Federation
